## About This Content

### Dungeons: Heroes And Servitors

*They came from all corners of the universe, servitors of vile alien gods to protect the Lich Queen and keep an angel imprisoned in the Dungeons.*

#### High Fantasy; Epic Conflict

Heroes & Servitors is a book of pre-generated characters, ready to play with backstories written. Get straight into the action, and for GMs, there's an evil, twisted version of each character, together with a premade fiendish dungeon encounter especially for them. However you mix them up, they're bound to enliven your killer dungeon experience.

This is a product for the Savage Worlds rules system and Savage Suzerain.

A copy of *Dungeons: Tomb of the Lich Queen* is recommended to make the most of this book.

**ZOLDIS**

Realms: Garden of Athena (far future)

⊙ Zoldis

Out among the stars, the Formers seeded the Garden planets with many cultures from mankind's past. The Athenians rose to prominence, aided by forbidden technology from their gods, and called all other worlds 'barbarian'. Kar... lives up to the title, suffering from extreme weather and breeding only the strongest of people.

Zoldis is a zealot of the Axe God of Kar. Zoldis loves to fight in the name of her patron, and delights in her skills. Zoldis and her axe are one, pure harmony in battle.

Zoldis became a mercenary at the end of the Sakalid war and traveled to many places, fighting other people's battles. She grew to have quite the reputation, but that couldn't save her from the Athenian's most dangerous weapon - political machinations.

**DOMINGO**

Realms: Untamed Empires

⊙ Domingo

Domingo is good-looking in a rugged sort of way and while he isn't a religious man, he's an honorable one. In fact, honor is more important to him than laws, and he'll pit his steel against anyone who seeks to do an injustice in the name of 'the Law'.

He was raised on the streets Sarvesta, and led the way of the blade from the School of Hard Knocks. This has made him a pragmatic and cynical man - something often hidden behind a facade of sarcastic humor.

He probably should have stayed out of it, but...

**ALEANA THE ARCHER**

Realms: Relic (First Age)

⊙ Aleana

Aleana the Archer was born in the back of a wagon under the Arrow constellation, and her parents claim she was touched by a spirit of wanderlust in those early days.

Always called to travel, she took to the road once she was big enough, honing her skills with the bow to forage for food and to protect herself. However, when she felt drawn to the Tomb of the Lich Queen, it's call was strange to her - she'd always followed her instincts and let the road take her wherever it wanted, but now it seemed like something was pulling her along.
